ENHANCING PATIENT CARE WITH ANNUAL WELLNESS VISITS

Annual wellness appointments are a key tool for preventive healthcare, providing an invaluable opportunity for healthcare providers to engage with patients, assess their overall health, and create a proactive plan to manage and prevent diseases. To support our providers and ensure the most valuable insight is collected from patients during these appointments, Gold Kidney developed an [Annual Wellness Visit Form](#). With your help in following this form, we can continue to provide the high-quality, tailored health care that our members deserve.

REWARDS FOR OUR MEMBERS AND PROVIDERS

Our detailed Annual Wellness Visit form was created to guide healthcare providers through a thorough information collection process, highlighting key categories of patient information. We encourage you to keep the form handy for patient appointments. We also provide incentives to our members and providers for completing core healthcare activities.

Gold Kidney members receive a \$25 reward for completion of an annual wellness visit and the development of a personalized prevention plan with their primary care provider or Gold Kidney provider. Members must submit the [Wellness Verification Form](#) signed by their doctor to receive the reward.

Gold Kidney providers receive bonus payments of \$100 per visit and enjoy a boosted bonus for improved patient care outcomes.

TIPS FOR CLOSING WELLNESS CARE GAPS

Gold Kidney provides our members with a wealth of wellness benefits including gym memberships, healthy grocery allowances, in-home companionship, and much more

We encourage members to proactively manage their health and reward them for completing a range of wellness activities each year

Please encourage your patients to prepare for their annual wellness visit by reminding them of the common prep tips during their appointment reminder calls

Together we can create the gold standard of care.
