Thank you for considering Gold Kidney for your Medicare Advantage coverage.

Here's what you should know about us.

We're founded, owned, and led by providers.

Over 10 years ago, a group of healthcare workers saw a lack of affordable health plans made specifically for chronic condition care, and the idea of Gold Kidney was born. Backed by over 100 nephrologists, Gold Kidney Health Plan opened its doors in 2021.

Today, our mission remains the same: serve our community through affordable access to high-quality care for chronic conditions.

We're built to serve the chronic condition care community.

Chronic condition special needs plans are all that we do. Our Medicare Advantage plans are thoughtfully designed to improve the lives of those with specific, qualifying conditions:

- Chronic kidney disease (CKD)
- End-stage renal disease (ESRD) on dialysis
- Diabetes
- Cardiovascular disease
- Congestive heart failure

Chronic condition care is in our DNA.

From clinical care to member services, our team members know health care. When you choose a Gold Kidney plan, you join thousands of members who know us for our Gold Standard in care, service, and expertise.

What you get with Gold
